

ENHANCED SAFETY GUIDELINES

Wet Area Amenities Reopen & Mask Mandates Lifted*

We're open and back to our 24-hour schedule! For the past 30 years, Club Julian has been committed to providing a safe and ultra-clean environment. Be assured that will continue during the reopening with enhanced operating procedures and CDC recommended best practices in place. We encourage everyone to consider vaccinations, now widely available, to further reduce any possible risks to members and staff.

As of May 25, 2021. Based on CDC guidelines, Club Julian has lifted face covering mandates inside the Club for vaccinated members. *We continue to require that masks be worn at all times by non-vaccinated members for their own protection while in the club and wet areas [except while using the saunas, steam room or while swimming laps in the pool]. While capacity limitations are in place, *remember our convenient 24-hour schedule allows you to visit us during lower traffic periods for better physical distancing.*

CLUB JULIAN'S RESPONSIBILITIES

- Monitoring number of members in the Club at all times.
- Installation of plexiglass at Front Desk and Trainers' Desk.
- Staff required to wear masks; gloves also required by staff in certain areas.
- Employees temperatures will be checked before each shift
- Extra disinfectant bottles/sanitizers throughout the Club.
- Extra night staff to clean/sanitize all areas with an Electrostatic Handheld Sprayer.
- Designated staff to sanitize equipment/monitor physical distancing.
- Extra time between group classes to disinfect room and equipment.
- Air filters changed frequently to improve fresh air flow.
- Wet Area closed from 1-1:30pm for cleaning/disinfecting
- Floor indicators in the Aerobic Room and strategic areas to aid in physical distancing.

MEMBER RESPONSIBILITIES

- **If you are the least bit sick – PLEASE STAY HOME – If a member is not well, they will be asked to leave the Club.**
- Members are required to use provided hand sanitizer when entering the Club.
- NO guests permitted until Phase 3.
- **Masks are optional for vaccinated members. It is required that non-vaccinated members wear a mask at all times in the Club. Masks are not required when using steam & saunas or showers or while using the pool. Effective May 25, 2021.**
- Physical Distance: 6 feet apart. Please work together to maintain distance and be patient and respectful if someone walks into your space.
- Members are required to wipe off all hand weights, bands, mats, and equipment after each use.
- Please limit workouts to 90 minutes.
- Bring your own towel and lock. Towel and Lock service will not be provided during Phase 1 and 2.
